MMIG46 Aviator Meeting in Dresden 2016 & Safety-Seminar with John Mariani

with accompanying program for those not attending the seminar

Thursday, 28th of April – Sunday, 1st May 2016

“Finally the fields of Dresden appeared before us, in the rich countryside the river shining in the morning sun, the sweet smelling city with its towers, glittering...” (Ernst Rietschel, 1804 – 1861)

Ladies and Gentlemen,
Dear PA46 enthusiasts,
Dear Members,

True to this picture, our **Safety Seminar 2016** will take place in Dresden.
Experience the unique charm of this Florence on the Elbe – from the air, too!

Our destination airport is Dresden. EDDC

Dresden International airport is about 9 km to the north of the city centre.

The S-Bahn station, from which the local S2 train departs every 30 minutes for the centre, is below the airport.

John Mariani played a leading role at the time in the development of the Malibu. In aviation circles, particularly in the USA, he is regarded as something of an authority in matters of aviation safety.

We have been able to reserve rooms for our Safety-Seminar in the **Hotel Steigenberger**, just a few steps from most of the town's highlights. Adequate catering will be provided during the seminar.

The 3-hour **flight training sessions with John Mariani** will be on Tuesday 26th, Wednesday 27th and Thursday 28th April, 2016. They include briefing, flight training and debriefing.

We have reserved enough rooms for ourselves at the **Hotel Kempinski Taschenbergpalais**, just six minutes walk from the **Hotel Steigenberger**, where our seminar is taking place.

The city is an amazing work of art in itself: Fascinating buildings and art treasures, impressive world-famous museums and orchestras.

For our accompanying program, the tourist sites are all close by.
And there's more than just the Zwinger or the rebuilt Frauenkirche.

You will have the opportunity to visit all of Dresden's highlights on a guided Segway tour, or on foot.

All this is Dresden:

The Frauenkirche and Old Masters, the Blaues Wunder bridge and the Grünes Gewölbe cabinet, the picturesque hillsides along the Elbe, lively Wilhelmian quarters, the Semper Opera House, the Saxonian State Orchestra and the International Dixieland Festival, the Baroque Old Town and the modern centre, Garten City and cultural metropolis, Florence on the Elbe and Saxonian capital....

as well as the SDS, the oldest and largest steamship fleet in the world!
For Saturday we are offering a 1,5 hrs. trip with a steamship. Great impressions guaranteed.

Enjoy our carefully selected program and don't just keep John Mariani's safety tips in mind,
but a very special city in your heart.

As part of our accompanying program, we will all be having lunch together.

Dresden's most famous monument is the 'Goldener Reiter'. Constructed between 1732 and 1734 it shows Elector Friedrich August I., better known as August the Strong, in antique costume on a rampant Lipizzaner stallion riding to the north-east.

Dear Members and all present and future PA46 enthusiasts, you are all welcome to join us for the Safety-Seminar or to take part in our program.
