## Fly-In Rovinj 2016

Thursday, 09. – Sunday, 12. June 2016

### Gourmet Insider tip Istria!

Destination Airport: Pula - LDPL

Istria is the Croatian Tuscany, characterised by an Italian past, much of which endures into the present.

In this land of plenty, there's not just a warm welcome awaiting you, but any number of regional specialities.

While preparing the tour we came across extremely prestigious vineyards with excellent wines which complement the local specialities like truffles so well.

Rovinj's central feature is undoubtedly the romanesque St. Euphemia's Cathedral whose bell tower is dominated by a statue of St. Euphemia, the patron saint of Rovinj.

We are pleased to have been able to reserve beautiful rooms in the 5-star *Hotel Monte Mulini* Rovinje for the duration of our stay

In the meantime please make a note of the dates!

With best wishes for happy landings
